Dancewear Requirements for the Recreational Dancer

Different types of Dance require different attire. The following is the uniform requirement for each type of class. To dance without the proper attire is like skating without skates . In order to successfully learn an activity the equipment is required.

Please visit our online Storefront on this website to order your dance wear. Please review our catalog and order via email. The Studio will order your dance wear needs in a timely fashion, it will be delivered directly to the studio. Upon arrival we will contact you so that you can come and pick up your dance wear.

Hair must be pulled off face into a ponytail for all classes. Ballet hair should be in a bun.

Please note: students going from one class to another are not required to change dance wear. If going from a ballet class to a Jazz class they can just put on their shorts over their bodysuit if they prefer and just change shoes.
